Primary School

Year 1 Home Learning Pack Week Beginning: 13.04.2020

Information for parents

This learning pack has been created to give you and your children a variety of activities and ideas to choose from while they are at home. We completely appreciate that many families will have a lot to manage at this time, so these packs have been put together as *ideas* to support your child's learning over the coming week. We have therefore compiled different activities that your child may wish to explore, depending on the time and resources that you have available.

When your children have completed different activities, you can upload them onto Google Classroom or Tapestry using their individual logins. However, if your child does work in separate books or on paper, this can be brought into school with them when they return. Work will not be formally marked but children will certainly be praised for all of the fantastic learning that they have achieved.

Diary entries

Alongside all of the ideas that we have set out in these learning packs, we feel that it would be really interesting for children to write their own diary entries over the coming weeks. Imagine looking back on what they wrote in 20 years and being able to share it with others!

English

This week we would like you to focus on instruction writing.

Discuss why we have instructions. Go an instruction hunt around the house. What things can you find that have instructions? Recipes, board games, craft kits, safety instructions etc. What makes the instructions easy to follow? Your child will need to experience following some instructions and looking at what they include before being able to write their own. You could follow some instructions to play a game or cook together first.

Your child will also need to understand that instructions are sequenced. Perhaps they could write some instructions to make a jam sandwich and then ask another family member to follow it. It will help your child see clearly that the instructions need to be in order, clear and include a list of equipment. Or they could order some instructions to make a virtual jam sandwich, just follow this link <https://www.topmarks.co.uk/Search.aspx?q=instructions> or http://resources.hwb.wales.gov.uk/VTC/lists_and_instructions/eng/Introduction/default.htm

This is a great picture book that helps children understand instructions <https://www.youtube.com/watch?v=pnO7W3tAlik> and some follow on activities here <https://www.youtube.com/watch?v=-1KhCg4TACg>

Once your child has an understanding of instructions they could write instructions to plant a seed and or make a recycled bird feeder, (<https://www.lifegate.com/people/lifestyle/bird-feeders-recycled-materials>), to encourage birds into your garden. If your child likes to get messy perhaps they could write a set of instructions to make their own playdough or even their own slime. If your child is a budding witch or wizard perhaps they would like to create their very own spell and write instructions explaining to a friend what to do. Is your child like George from George's marvellous medicine and would enjoy creating their very own concoction. Maybe your child is an amazing constructor, they could build something out of lego and write instructions explaining how to make the building for a friend.

This video might help your child with writing instructions <https://www.bbc.co.uk/teach/class-clips-video/english-ks1-ks2-how-to-write-instructions/zrvtscw>
Don't forget to use capital letters and full stops and your best presentation. Can you write your instructions in order? Can you add pictures to help someone follow your instructions? Can you challenge yourself and include some bossy, (imperative), verbs?

Maths

This week we would like you to visit the link: <https://whiterosemaths.com/homelearning/>
These White Rose Hub resources give you a video explaining the new concept, along with a number of activities to work through and then answers to check your work. We don't expect you to print the worksheets off, but it would be useful for children to show their workings and then check their answers.

Alongside these White Rose Hub activities, don't forget to use the following websites (using your individual logins) to practice other basic skills: Numbots

Monday

White Rose Hub: Activity 1
<https://whiterosemaths.com/homelearning/year-1/>

Tuesday

White Rose Hub: Activity 2
<https://whiterosemaths.com/homelearning/year-1/>

Wednesday

White Rose Hub: Activity 3
<https://whiterosemaths.com/homelearning/year-1/>

Thursday

White Rose Hub: Activity 4
<https://whiterosemaths.com/homelearning/year-1/>

Friday

White Rose Hub: Activity 5
<https://whiterosemaths.com/homelearning/year-1/>

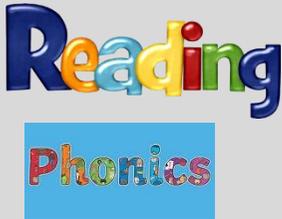

Spellings

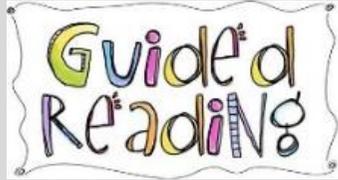

There are two main ways in which you can practice your spellings:

- Spelling Frame: <https://spellingframe.co.uk/>
- Learn the words on your spelling list (see information below) in fun ways, including: Look, cover, say, write, check, Rainbow writing, Bubble writing, Backwards writing, Pyramid writing, Silly sentences or Mnemonics

To find your year group's statutory spellings, Google: Year 1 Common Exception Word List

Below is an example of ways in which you could learn your spellings each day:				
<u>Monday</u> One or two pages from the Dandelion Phonics booklet	<u>Tuesday</u> One or two pages from the Dandelion Phonics booklet	<u>Wednesday</u> One or two pages from the Dandelion Phonics booklet	<u>Thursday</u> One or two pages from the Dandelion Phonics booklet	<u>Friday</u> One or two pages from the Dandelion Phonics booklet
	<u>Reading and Phonics</u> <p>As you all know, reading is very beneficial to your education and nothing is better than escaping into a good book. The expectation is that you are reading for at least 15 minutes per day. When you have finished reading, ask an adult to ask you some questions about what you have read and encouraging you to specific pages where you can find the answers.</p> <p>Additional to this, you could visit the following websites:</p> <ul style="list-style-type: none"> • Bug Club, www.phonicsplay.co.uk , Education City, Oxford Owl <p>All of the phonics activities referred to below are from the website Phonics Play and the activities you need to select are in bold. We are currently working on <u>Phase 5</u> but some children will need to recap some <u>Phase 3</u> digraphs.</p> <p>Whenever they are writing in Phonics we encourage the children to consistently use their basic skills: capital letters, finger spaces, cursive letters and full stops.</p>			
<u>Monday</u> <u>Phonics</u> Tricky words: said, so Can children read the words? Can children write words? Write down on paper x3. Hide them around the house. Play hot and colder. What is the word that they have found? Can they put them into a sentence verbally? Challenge- Can they write the words in a sentence?	<u>Tuesday</u> Looking at words with consonant blend ending. e.g. tent, lost, dump. Open Phonics Play, select Phase 4 on the left hand side, choose Dragon's Den. Select Phase 4 and play the activity. Have a go at reading these words – point to each sound as you read, add sound buttons to help.	<u>Wednesday</u> Tricky words: have, like Can children read the words? Write the words onto pieces of paper -lay across the floor. Can children jump on them and say the words? Can they put them into a sentence? Challenge- Can they have a go at writing have, like, said and so using different coloured pens in a sentence?	<u>Thursday</u> Looking at words with consonant blend ending. e.g. mend, damp hump. Have a go at writing these words – point to each sound as you read, add sound buttons to help. Challenge- Can they write these words in a sentence with adjectives?	<u>Friday</u> Silly sentence Friday. Using their phonics sounds (using sound mats) can children write a caption/sentence about this picture:  Can they read it themselves?

				Have they used finger spaces? Have you formed your letters correctly?

Media Text: A Cloudy Lesson
You-tube Link: <https://www.youtube.com/watch?v=-45TbOGadro>
Vimeo: <https://vimeo.com/14595555>

Watch the short animation, following the instructions below for when to pause the film. Ask an adult to help you. You may write your answers onto your Google Classroom document, on paper or talk about the story with a grown up.

Watch the opening of the film and pause after 15 seconds.

1. What do you think the special tool is for? How will it work? How does it link to the title of the film?

Continue watching. Pause the film after 45 seconds.

2. How do you think the little boy felt after his first attempt at making a cloud?

Continue watching. Pause the film after 1 minute.

3. What do you think will happen now that the cloud maker has broken?

Continue watching. Pause the film after 1 minute 20 seconds.

4. How do you think the Grandfather felt as he watched the cloud float away? What was he worried about?

Continue watching the film until the end.

5. What shapes did you see in the clouds? What shapes would you make and why?

Remember to explain your answers as fully as you can.

Challenges

Cloud Pictures

Create your very own cloud picture using some cotton wool. What cloud shapes can you make from the story? What shapes of your own can you make?

Cloud in a Jar

Why not have a go at making a cloud in a jar? Choose a set of instructions to follow in the resources folder that has been uploaded to your Google Classroom or follow this link:

<https://www.giftofcuriosity.com/weather-science-how-to-make-a-cloud-in-a-jar/>

and see a cloud magically appear inside your jar!

Take some photographs or write a set of instructions to explain how you made your cloud.

ADDITIONAL CHALLENGE

Weather Report

Go outside into your garden, lay on the grass and look up at the sky. Can you see any cloud shapes? Can you create a story about one of the cloud shapes you have spotted?

Or

Why not have a go at creating your very own TV weather report? Ask a grown up to video you doing your very own weather report like the ones we see on the television. Can you make some weather symbols to stick on a map as you talk?

Learning Challenge Curriculum/Topic Work

Your big learning question is:

What birds and plants would Little Red Riding Hood find in the park?

This key learning question will last for 6 weeks. We would like you to create a project based on this key question to show what you have learnt and found out about this topic. Read below for different ways in which you could carry out your project, based on your interests:

If you like art:

- Do an observational drawing of a 'living thing'- this could be a plant, tree, flower (that you can see from a window in your house), a family member or pet.
- Collect some leaves and plants (ask parents first !) from your garden to make into a collage picture. You could use flour and water mixed together to make glue if you do not have any at home.

If you like writing:

- Plant seeds for plants or vegetables and write about the process.
- Keep a diary and watch the seeds grow
- Look for a mini beast in your garden – (a small creature like a snail) and write a story about it.

If you like designing and making:

- Make a bird spotting poster, so that people can spot birds in their gardens. Stick this on your gate or in a window for your neighbors to see and use
- Make your own tree out of rolled up newspaper or even a forest
- Design a bird feeder and make
- Hunt for mini beasts
- If you find a snail can you make a home for it outside and find some food it would like. Don't forget to wash your hands if you touch mini beasts.

If you like researching/ presenting:

- Little Red Riding Hood walked through the forest of trees. Can you find out about different trees?
- How many different trees can you identify and describe in a video presentation?
- Find out the tallest tree in the world
- Find the oldest tree in the world.

Other ideas:

- Make your own word search with tree and leaf names
- Make up a song for Little Red Riding Hood to sing as she walks through the forest . Teach this song to your family or get them to help you with thinking up new verses.
- Act out the Little Red Riding Hood story with your family

Other Learning/Activities

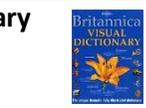

Mindfulness

- www.headspace.com

	<ul style="list-style-type: none"> • Twinkl – Mindfulness colouring sheets and activities
Exercise/PE Ideas	<ul style="list-style-type: none"> • All ages: Joe Wicks Daily Workouts – 9am on YouTube (The Body Coach TV) • Just Dance (You Tube) • Cosmic Kids (You Tube) • Go Noodle – www.gonoodle.com • Achieve 4 All Daily Challenges – See attached document

Free Online Resources:

Name of Resource	Overview/Notes	Website address/Hyperlink
Espresso	A great website full of both topic and English and Maths related information. Filled with videos and simple activities to engage children.	https://www.discoveryeducation.co.uk/what-we-offer/discovery-education-espresso
Numbots	 For Reception and Key Stage 1 to build basic skills and number facts practice.	https://numbots.com/
Spelling Frame	 Spelling Frame includes all the words - both statutory and the example words - from the National Curriculum for Spelling for Year 1 to Year 6. Choose a spelling rule and each word is read aloud and provided within a sentence for context. Different games to help with practice.	https://spellingframe.co.uk/
Manchester Children's University	 Useful information and resources about a range of different topics. The history and science resources are especially useful if completing topic-themed projects.	https://www.childrensuniversity.manchester.ac.uk/
Teach Your Monster to Read	 Covers everything from letters and sounds to reading full sentences. Complements all synthetic phonics programmes used in schools. Computer version is 100% free.	https://www.teachyourmonstertoread.com/
Phonics Play	 Practice letter sounds and phonics using the simple games and activities on this website.	https://www.phonicsplay.co.uk/

BBC Bitesize Primary		<p>A vast bank of resources for the full range of subjects. Includes information slides, video clips, games and interactives.</p>	https://www.bbc.co.uk/bitesize/primary
Oxford Owl		<p>Lots of different learning resources to support home learning, including a full range of Oxford Reading Tree e-books that can be read on tablets and computers.</p>	https://www.oxfordowl.co.uk/
Scholastic		<p>An American site, so organized into grades rather than year groups. However, there are daily activities which involve reading a text and completing some activities.</p>	https://classroommagazines.scholastic.com/support/learnathome.html
Top Marks Education		<p>Games and activities to support learning in different subjects</p>	https://www.topmarks.co.uk/
Doorway Online		<p>Doorway Online is a collection of free and highly accessible educational games that learners will find easy to use independently. Each activity has a range of accessibility and difficulty options. Originally developed with funding from Scottish Borders Council, it is now managed by the Doorway Accessible Software Trust, a Scottish charity.</p>	https://www.doorwayonline.org.uk/
Britannica Visual Dictionary		<p>A great site to support the development of children's vocabulary as part of their reading and 'word catching'.</p>	https://kids.britannica.com/kids/browse/dictionary
Scratch Junior		<p>Coding activities for children to develop their computing skills. Site has different projects for the children to complete and is available on computers and tablets.</p>	https://scratch.mit.edu/
