## Nasal Flu Immunisations

Dear Parents and Carers,

Please be advised that the closing date to register your child for the Nasal Flu Immunisations has now been extended until **Midnight 02/10/2022**. Please be advised that you now have until this date to consent. If you have already done so there is no need to do it again.

The link for you to register is as follows:

<https://schoolimms.hcrgcaregroup.com/flu/2022/devon>

The immunisations for our school are scheduled for 11/10/2022. Please be advised that your child will not be able to have the immunisation on this day unless you have registered for them to have it. If you miss this extension deadline, you will then have to wait until the follow up clinic appointments are scheduled after the round of immunisations is complete.

Please also note that the school is only the venue. We do not manage any of the administration for the immunisations, other than to send you this link. However, we will, as always endeavour to help if needed.

Kindest regards,

Joanna Crathorne  
Head of School
